# CONDITIONS OF THE APPLICATION FOR THE PROVISION OF ORSY

This stock management system is provided by Würth. With the ORSY System, Würth is committed to the rational and just-in-time management of the consumables used by the customers in their activities.

The spirit of this agreement is based on a reciprocal business relationship, involving respective commitments between both parties.

### Würth undertakes to proceed with the following through the sales representative :

1. The mounting, maintenance, cleaning and storage of the ORSY System.
2. The restocking of the ORSY System, according to the quantities defined in the agreement with the customer and to the storage of the material.
3. Regular and assiduous control of the ORSY System.

### The customer commits to the following :

1. The principle of reciprocity, which is to respect an annual commitment of turnover/sales specified below.
2. If this commitment is fulfilled, Würth shall continue to provide the service free of charge. If this commitment is not fulfilled, Würth shall be permitted to charge a compensation fee for the provision of services.

- Less than 80% of the commitment: 2500ZAR invoiced per shelf.
- Between 80 and 89,9 % : 2000ZAR invoiced per shelf.
- Between 90 and 99,9 % : 1500ZAR invoiced per shelf.

The ORSY System remains the absolute and integral property of the Würth South Africa Company. In this respect, the customer expressly undertakes to never sell, rent, lend, pledge, transfer or modify the ORSY system provided to them.

As this system remains the property of Würth SA, there shall at all time only be Würth articles placed on the shelf, we reserve the right to remove any competitor products present on the shelf.

Würth South Africa reserves the right to retrieve the ORSY System upon review.

The parties undertake unreservedly to respect and execute in good faith the above-mentioned clauses in the common desire to benefit from the advantages of this PARTNERSHIP.

# ORSY SYSTEMS

This is a combination of the Würth consumables storage system. The restocking is done by the customer sales representative. With the Sales Representative taking care of the restocking and management of the consumables, this allows you as a customer to save time on consumables management, and allows you to focus on the job at hand.
