

WÜRTH SOUTH AFRICA COMPANY PROFILE 2025

Würth South Africa head office and logistics centre in Kempton Park, Gauteng

The Würth Group is a global market leader in the development, production, and sale of fastening and assembly materials. It currently consists of over 400 companies in more than 80 countries.

At Würth South Africa, we offer over 6,000 products that are delivered directly to our customers nationwide.

Our vision is to become the no.1 in the eyes of our customers as the best and most qualified sales team in South Africa. We don't just love selling quality products, but we want to inspire our customers by offering innovation that solves problems and solutions that make our customers' businesses progress.

WHY PICK WÜRTH?

Product Range and Expertise

Würth South Africa offers a comprehensive range of over 6,000 premium-quality products, including fasteners, hand and power tools, personal protective equipment (PPE), adhesives, and an extensive selection of industrial chemicals – all designed to meet the diverse needs of your business.

Our products are stored at our state-of-the-art logistics centre in Kempton Park, undergo rigorous quality control in line with industry standards and required certifications, and are reliably delivered to your site, workshop, or warehouse anywhere in South Africa.

With a strong business-to-business focus Würth SA has been servicing our clients in various sectors since 1970 and continues to provide high quality products to our customers operating in the Automotive, Cargo and Farming, Metal, Maintenance and Production, Wood and Construction sectors. In addition, our dedicated Key Accounts and Mining focused teams also ensure that we meet the needs of our diverse customer base.

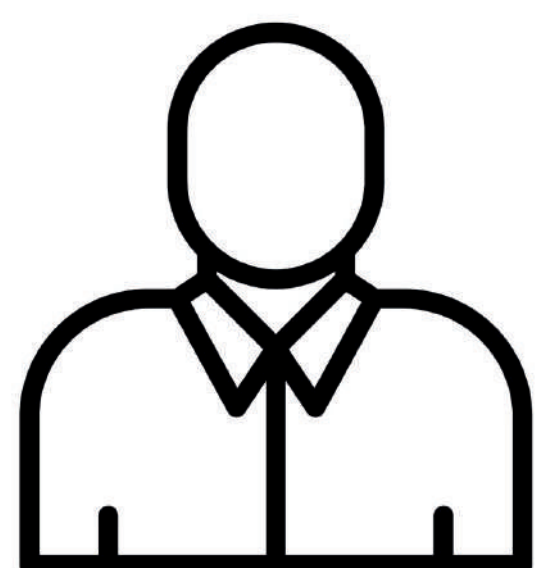

Procurement & Inventory Management Solutions

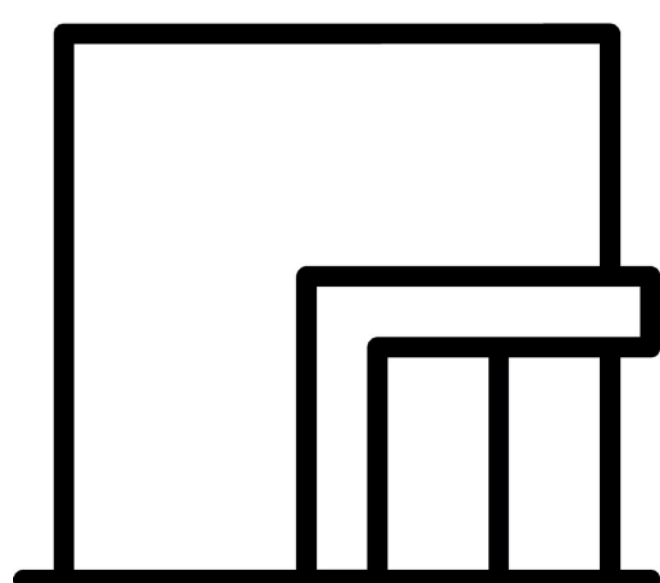

In today's fast-paced and competitive business landscape, Würth South Africa recognises the importance of efficient systems and leads the way in leveraging technology and innovation. Würth eShop

Our eShop is a 24/7 online platform that gives you easy access to Würth's full product range and service offering. You have access to detailed product info, real time availability, and safety data sheets for all chemical products.

In addition, you are able to manage your account online, download invoices, track your orders and set up order limits and approval processes in case you have various buyers in your company.

Simply access our eShop with your Würth account number and you are ready for work!

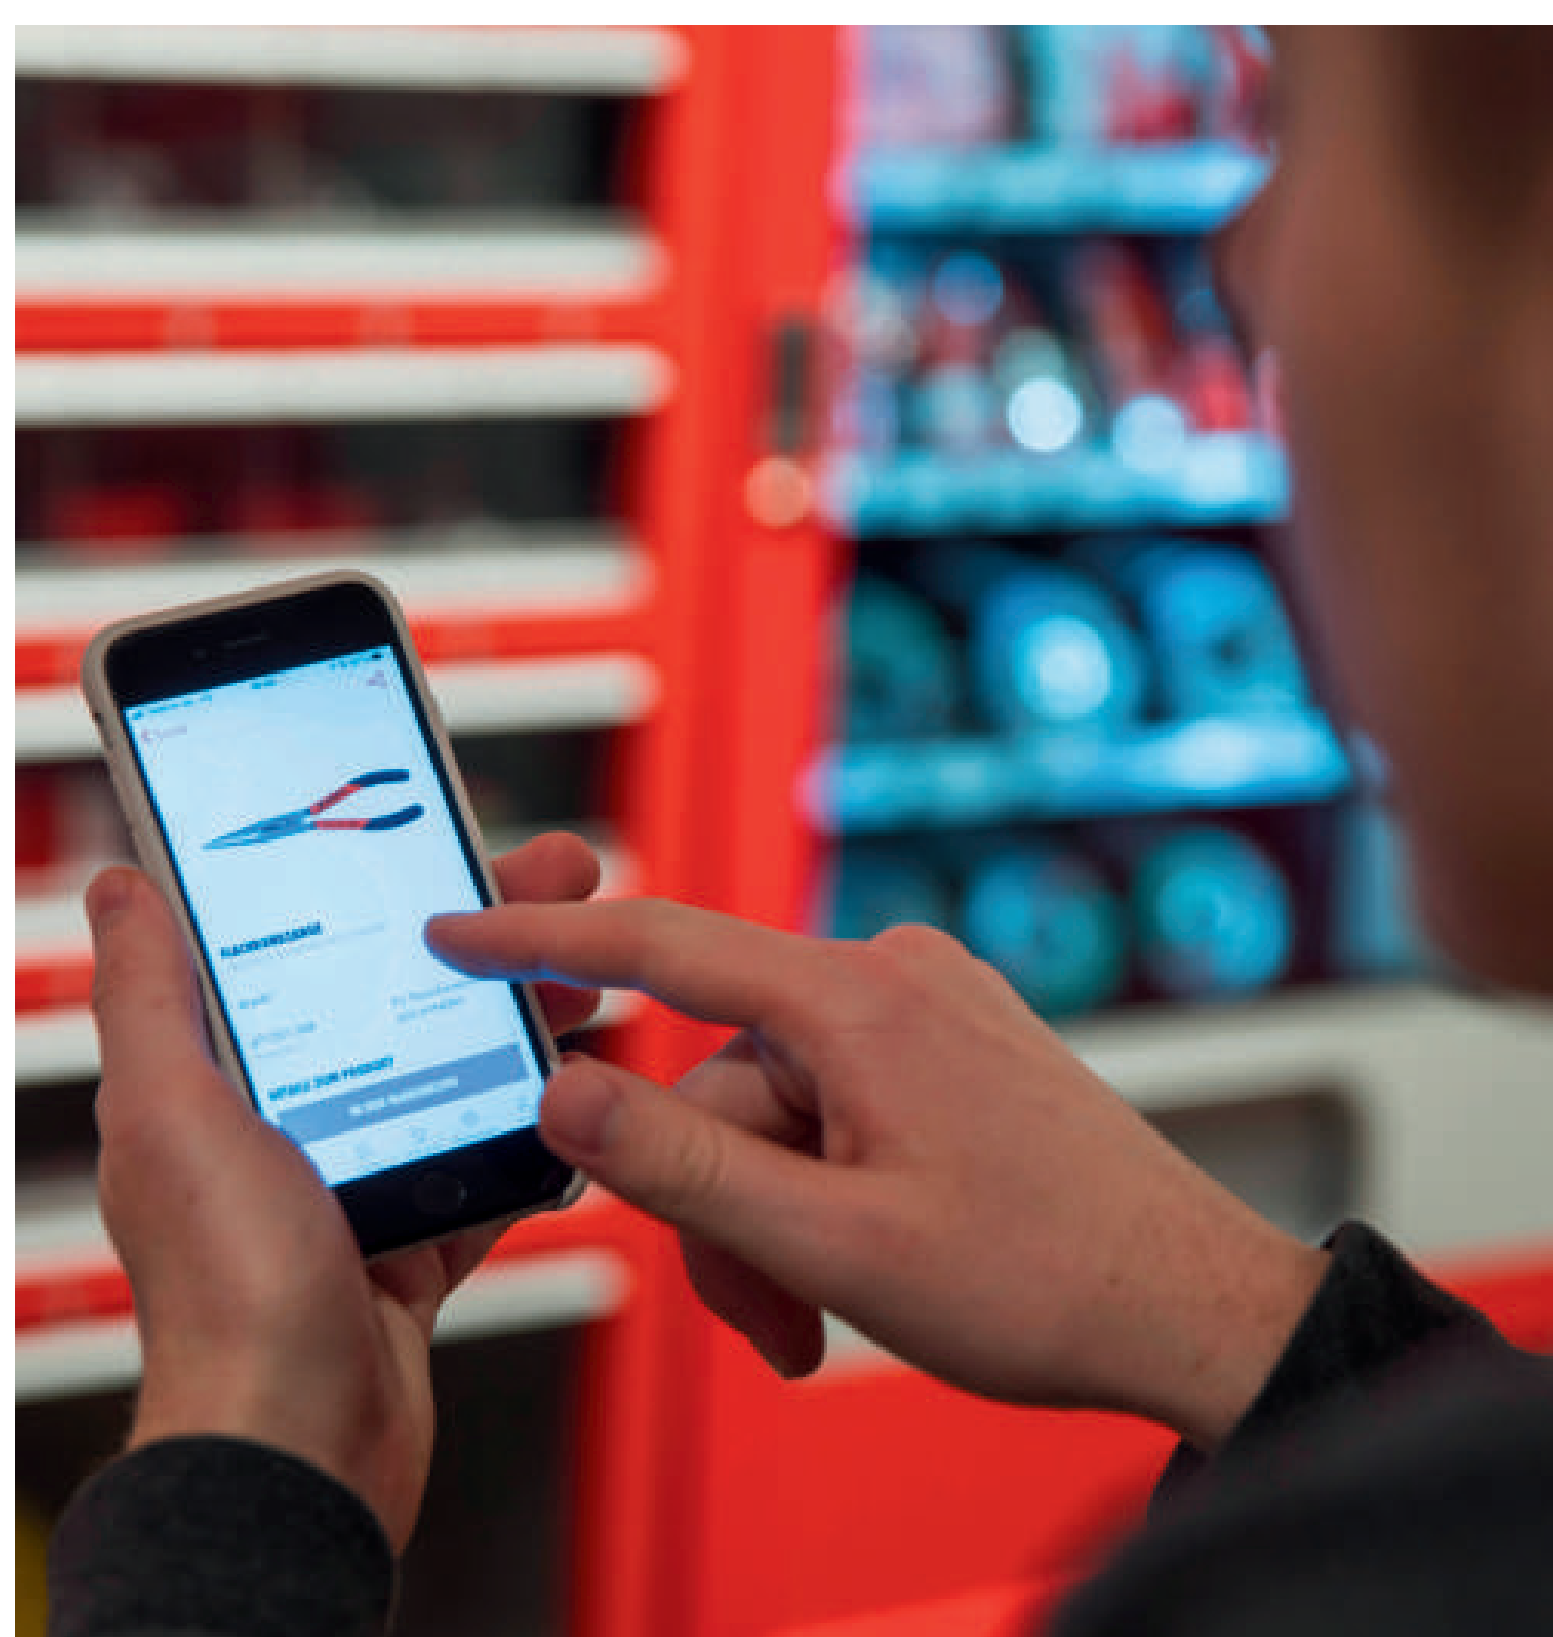

Würth eShop

Würth App

The Würth App is an extension of our eShop, offering the full functionality of our website, optimized for mobile access, ensuring you have the power to manage your procurement needs anytime, anywhere. It is designed to save you time, simplify your business operations and keep you informed. With the App on your phone, you are able to scan our products to read up on specs, add them to your shopping basket and download technical and material safety data sheets.

Together with our ORSY storage solution, the app enables the customer to easily manage stock, keep an eye on stock levels and simply scan to reorder.
