BROCHURE**

# INDUSTRIAL WET & DRY VACUUM CLEANER ISS-30L-CLASSIC

SCAN QR CODE  
FOR MORE INFO

**Universal industrial vacuum cleaner for wet and dry cleaning, with connection for power tools (power up to 2000 W).**

### Wet/dry & blow use

- For absorbing liquids, coarse dirt and dust on all hard surfaces. Ideal for hotels, warehouses, construction sites, woodworking, cleaning car interiors and car body working processes (sanding)

### Step power adjustment

- Individual suction power adjustment in application dependencies

### Automatic filter cleaning system

- Constant suction power, manual shaking without prior extinguishing.
- Efficient filter cleaning allows strong suction
- Long operating time
- Low maintenance costs

### Practical use

- Rotating and adjustable handle
- 10m long cable with space for winding
- Stable and mobile: rotating front wheels

### Independent front and rear wheels

- Holders for attachments on the vacuum cleaner itself
- Low noise level

### Economical use

- The dust bag is washable and does not change afterwards of each use

### NOTE

- Dry vacuuming**, use is mandatory dust bags and HEPA filters
- Wet vacuuming** is mandatory FOAM filters

<b>Art. No.</b>	<b>05717 046 160</b>
<b>P. Qty.</b>	1
Power	1600 W
Capacity	30 L
Vacuum Capacity	18 Kpa
Noise Level	< 80 dB
Hose Inlet Diameter	32 mm

Delivery Scope		
Description	Art. Nbr.	Qty.
Bag for lower tank (dry)	<b>05817 046 070</b>	01
Bag for upper tank (dry)	<b>05817 046 037</b>	01
HEPA plate filter for dry suction	<b>05817 046 008</b>	01
FOAM plate filter for wet suction	<b>05817 046 078</b>	01
Ribbed hose for wet and dry suction	<b>05817 046 059</b>	01
Ribbed hose with extension for pneumatic tools	<b>05817046071</b>	01
Square brush for wet and dry suction	<b>05817 046 073</b>	01
Square metal brush for carpet suction	<b>05817 046 077</b>	01
Round brush	<b>05817 046 067</b>	01
Crevice Nozzle	<b>05817 046 068</b>	01
Metal extension	<b>05817 046 069</b>	01
Hose connector	<b>05817 046 074</b>	01
Rubber connector	<b>05817 046 075</b>	01

**INDUSTRIAL WET & DRY VACUUM CLEANER ISS-30L-CLASSIC****Multifunction**

1. Bottom compartment: for use in wet cleaning
2. Upper compartment: for vacuum suction (dry cleaning)
3. Blower function
4. Upper hatch: designed for using pneumatic tools (exhaust system)

**Socket for connecting tools**

For power tools up to 2000W

**Adjustable suction power**

Individual suction settings

**Independent front and rear wheels and foldable carrying handle**

Stable and easy operation

## MAIN SPARE ACCESSORIES

Category	Picture	Art. No.	Description
Filter		<b>05817 046 078</b>	Spare FOAM plate filter for <b>wet suction</b>
		<b>05817 046 008</b>	Spare HEPA plate filter for <b>dry suction</b>
Brush		<b>05817 046 077</b>	Spare metal brush for carpet suction
		<b>05817 046 073</b>	Spare plastic brush for wet and dry suction
		<b>05817 046 067</b>	Spare half round brush
Crevice Nozzle		<b>05817 046 068</b>	Spare crevice nozzle
Bag		<b>05817 046 037</b>	Spare canvas bag for upper tank (dry)
		<b>05817 046 070</b>	Spare canvas bag for the bottom tank (dry)
Hose		<b>05817 046 059</b>	Spare plastic ribbed hose 32 mm (for wet / dry suction)
		<b>05817 046 071</b>	Spare 2 in 1 hose (for pneumatic tools)
Extension		<b>05817 046 069</b>	Spare metal telescopic pipe 32 mm
Connector		<b>05817 046 074</b>	Spare plastic connector for hose (5817 046 059)
		<b>05817 046 075</b>	Spare rubber connector for dust bag (power tools)
